

Visitors

The screenshot shows the IQ LINK Visitors sign-in interface. At the top left is the IQ LINK logo. To the right are 'Feedback' and 'Main Menu' buttons. Below the logo is a 'Visitors' header with a sub-header icon. A 'Sign in' button is on the left, and a 'Sign Out' button is on the right. The main area prompts the user to 'Scan or enter your Pass ID' with an example 'A2'. Below this is a sample visitor pass for Jonathan Smith, a visitor at Wernham Hogg, Fixed Plant and Infrastructure, with a Pass ID of A2. A 'Finish' button is located at the bottom right of the interface.

Finally an electronic sign-in system that's quicker than paper.

If you're making visitors spend more than thirty seconds signing in, you're inviting mistakes.

Visitors is the quickest, simplest way for site visitors to sign in, be inducted and sign out.

Visitors will allow you to painlessly capture important information such as their photo, name and company, and quickly prints a large, professionally-designed visitors label they can wear.

YOUR SYSTEMS, SIMPLIFIED

A sign-in system your visitors won't complain about.

When signing in for the first time, Visitors recognises first-time visitors and can even show your site induction video if you like.

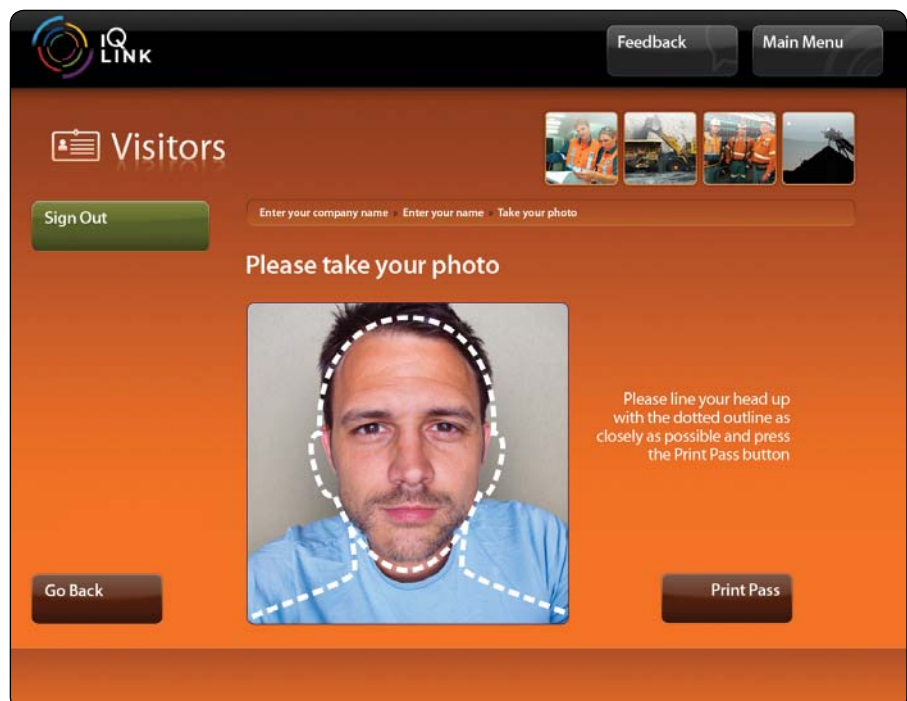

Returning visitors can go from front door to wearing a label with their photo in under 10 seconds—and unlike other systems, our labels are professionally-designed and actually legible.

KEY FEATURES

- Simplified sign-in process takes less than 10 seconds.
- Keyboard input eliminates illegible scribbles.
- Barcode scanning makes signing out even quicker than signing in.
- Professionally-designed visitors labels present visitor information legibly including a large photo and your company's logo.
- Professional, customised badges with digital photo can be printed regardless of computer literacy.
- Emergency evacuation report can be quickly printed in case of emergency.
- Visitors can sign out from any IQ LINK kiosk on site—regardless of where they signed in.

The screenshot shows the IQ LINK sign-in interface. At the top, there is a logo and navigation buttons for 'Feedback' and 'Main Menu'. Below the logo, the word 'Visitors' is displayed with a list of small images. A 'Sign Out' button is on the left. The main form area has two input fields: 'Enter your company name' and 'Enter your name'. Below these, the text 'Please enter your name' is shown, followed by an example 'John Smith'. A text input field contains 'Jo', and a dropdown menu is open, listing names: 'Joe King', 'John Anderson', 'John Bannerman', 'John Smith', and 'Jonathan Coleman'. At the bottom, there are 'Go Back' and 'Continue' buttons.

The screenshot shows the IQ LINK sign-in interface at the photo capture step. At the top, there is a logo and navigation buttons for 'Feedback' and 'Main Menu'. Below the logo, the word 'Visitors' is displayed with a list of small images. A 'Sign Out' button is on the left. The main form area has three input fields: 'Enter your company name', 'Enter your name', and 'Take your photo'. Below these, the text 'Please take your photo' is shown. A large photo of a man's face is displayed with a white dotted outline around his head. To the right of the photo, there is a text instruction: 'Please line your head up with the dotted outline as closely as possible and press the Print Pass button'. At the bottom, there are 'Go Back' and 'Print Pass' buttons.
